Ottawa Ont

The ticket, wrapped
page, is from Kathleen's
first movie Snow White
which we saw the week
before Christmas, 75. David
has or had already seen
one with his grandmother
in Toronto. Bambo, I believe.
The purchase ship is
for my first car, a
Hillman Hunt, which
I had in Grade 13 High
School in Toronto. I
moved from Scarboro
to East York and
wanted to continue going
to Scarboro to complete
my Grade 13 so I bought
a car. Scarboro High
School or Collegiate Institute
is now R.H. King C.I.
named after the principal
who died when I was there.

Well I've just driven down
to Dartmouth/Halifax, begin
my new job as Manager
of Finance & Administration
of Atlantic Region Dept of Public
Works Canada to-morrow.

The trip down by car
took 2 days or better 1 1/2
days - from 11:00 noon
to Friday.

The trip through Quebec
was all four lane highway.
It was only when I got to
N.B. that the local colours
made the trip more interesting.

Examples of signs along
the road. Meats - home
cooked fresh ice cream,
fresh butter, spread for
sale and finally the
sign which made me
realize was in the
Maritimes fresh lobster!

One person had painted
his rock fence - each
stone a different colour. The
road signs in N.B. had
bullet holes in them.

7 Jun 76.

I am staying in the Margnova Hotel at King & Queen in Dartmouth. The Hotel has only been open one month and is having teething problems.

For example when I just arrived had a bath and let the water out. Well, the person below me got a bath also as they had not hooked up the drain.

I can hear the last post coming from somewhere at twilight - probably as they lower the flag on one of the Canadian warships. Also saw a wedding yesterday complete with a piper.

Probably the earliest I can remember is when broke my leg when I was 5 yrs. I did it by early - and slipping (Early for breaking leg that*) I'd only hurt it and tried to make me stand on it. I fell at Isabela & Bank at the underpass and she had to carry me to the First Ave where we lived (in Ottawa). I remember her telling me to stand on it in front of the church at the corner of First & Bank. I think it was. I think my mother was nursing then. They strung up both my legs in the air because I moved so much. Rather uncomfortable.

(*) is, not early for recollections)

I can vaguely remember
my father coming back in
1945 from WWII where he
was a Squadron Leader
ground crew in the
administrative - I think
historical part or branch. All
I can remember is the crowd
in the railway station and a
Red Cross lady giving out oranges.
One orange per veteran.
My father promptly
went back to Europe with
the occupation. Resettlement
of refugees. So between 39
48, I did not see
much of my father.
We lived at 156 First
Ave. in an apt. ~~was~~ all
of this time (in Ottawa)

1973 and
was the eldest son of Robert
and Jessie (Carrie) Jenkins who
were the parents of 12 children
13 sons & two daughters. Both
were born on the Island
the father at Mount Allison
and the mother at South
Shore.
